Limited Warranty: Athletic Specialties, Inc. warrants any goods normally produced by it, and offered for sale at a published list price, to be free from defects in materials and workmanship at the time of shipment for a period of 6 months from shipping date of such merchandise. Ordinary wear and tear excluded.

Statement of Policy: The user assumes all risks entailed in action since ASI cannot guarantee freedom from injury. Use of this equipment cannot prevent serious injury or death. Sporting events are dangerous in nature and the participant assumes all risk therein. Certain pieces of protective equipment are designed to reduce the possibility of injury to the specific body part which it covers. Use of this equipment does not guarantee you will be protected from serious, disabling, or permanent injury while playing football, baseball or any other sports. It is the Dealer/Distributor's responsibility to pass this information to the consumer. All equipment is sold on this condition and by no means can any company representative waive or alter this position. A.S.I. shall not be held liable for damages arising from failure to make delivery on all or any part of any order caused by fire, flood, strikes, riots, inability to obtain supplies and materials, act of God, or any circumstances or accident beyond its control.

How Paint May Affect Grass: Please be informed that any paint coating may have adverse effects on grass. Adverse effects will be temporary. Grass will lose its green color and will appear dead. This is due to the fact that the paint coating covers the grass foliage entirely, thus preventing the foliage from getting the much needed energy from the sun and moisture from the atmosphere, in order to sustain its green color. This damage to grass is not permanent, since the roots are not affected. Grass will grow back to its green color as new growth appears.

WARNING: ASI advises that football protective equipment is designed to help reduce the possibility of head concussion or injury to the specific body part which they cover. Use of any equipment does not prevent concussions and the user is not protected from serious, disabling or permanent injury while playing football.

WARNING: ASI advises that sliding into a baseball base represents a clear and present danger. Injuries may occur.
